Castle Restaurant

M E N U

Welcome to the Castle Restaurant. Our goal was to create a unique place where history intertwines with regional cuisine. Tykocin has been a melting pot of many cultures over the centuries: Polish, Lithuanian, Jewish, Ruthenian, and Tatar. We drew inspiration from these traditions in the process of reimagining and composing our menu from fresh, local ingredients. We use the highest quality seasonal ingredients, which is why our dishes change over the course of a year.

A very special item on our menu is the  **BIALYS**, also known as Bialystoker Kuchen. It is a round bun with onions and poppy seeds, originating from the Polish-Jewish cuisine of the Białystok region. It's a dish known around the globe and a staple for New Yorkers every day. We hear that it's a much better gift to New York than the Statue of Liberty – after all, it is much tastier. Starting with 2020, thanks to our efforts, it has been included on the List of Traditional Products.
